Hi Calvin,

We are happy to discuss and the MCNEP Team looks forward to meeting you. Questions regarding our organizational structure will best be answered by our leadership team. Unfortunately, they are not all available this week. We propose meeting some time next week (week of September 13), if possible.

We are not clear about what aspects of our organizational structure interest you but have prepared a draft agenda below. If you would please clarify your interests, we will ensure we are prepared and include the appropriate people to answer your questions. To that end, please feel free to make any changes to the proposed agenda, and let us know if you have specific questions or concerns.

- Introductions
- Overview of Organizational Structure (can EPA provide guidance on any specific topics/questions?)
- Current Status of Class VI Permit (preview of our response to be submitted 9/22)
- Open Discussion
- Action Items/Close Meeting

Thank you again and talk soon.

Best Regards,  
-Rebecca

Dear David and Calvin,

Please find attached a letter informing EPA of the formation of a new Mendota project company.

Unfortunately, I do not have email addresses for other relevant agencies shown as CC'ed. So ask that you please distribute as necessary.

Thank you again for your continued support.

Best Regards,  
-Rebecca
